Thanks again to the support of the community! Working with the community allows us to have the pool open each year.

We are so excited to bring the Splash Adventure Pad and expanded shade area to the pool! Started over ten years ago, with continued community support and fundraising, we look forward to seeing our community youth explore and play!

A pool requires quite a bit of maintenance as you may notice when you visit the pool. We have added additional shade & have built an aquatic support shed. We continue to work towards providing capital improvements, repairs to picnic area, and repairs to pool in general.

If you think our pool is of benefit to the community, important as a safe place to learn to swim, cool off during our hot summers, participate in a swim team, aquacise or swim laps for exercise, please let us know by making a tax-deductible donation to LAPP, being as generous as possible and remain part of the grassroots effort to keep our community pool facility operating with activities for all ages in our beautiful mountain community. Let us know what is important to you.

PLEASE HELP SUPPORT THE LOWDEN PARK POOL BY MAKING A TAX DEDUCTIBLE DONATION TO LAPP
